

Presses

Finishing presses for the laundry, wet cleaning and manufacturing industries.

SP-U MANUAL UTILITY PRESS

Pony manufacture a wide range of professional finishing presses with a compact design, combining power, functionality and rapidity. Four different lines are produced to allow a rational and diversified choice which are able to meet all requirements. Presses are available with different shaped heads and bucks both padded (steaming head and steam/vacuum buck; also blowing by request) or with nickel-plated polished head (steaming and vacuum buck). All presses are ready for connection to external steam and vacuum supplies or available with built-in boiler (9 or 20 litres), compressor and vacuum.

Manual presses:

Manually operated presses with manual control of head squeezing pressure producing excellent results while being very easy to use and maintain.

SP/U - STANDARD UTILITY PRESS

Technical data	SP/U
Required power	230/1 or 400V/3+N-50 Hz*
9 lt boiler heating	10 ÷ 12 kW
20 lt boiler heating	10÷12÷15÷18kW Options
Pump motor	0,6 kW
Vacuum motor	0,37 kW
Boiler drain	1/2"
Vacuum exhaust	Ø100 mm
Water feeding	1/2"
Steam inlet	1/2"
Condensation return	1/2"
Steam working pressure	5 bar
Steam consumption	16 ÷ 20 kg/h
Air working pressure	7 bar
Central vacuum connection	Ø 48 mm
Central vacuum depression	200 mm H ₂ O
Vacuum air consumption	360 m ³ /h
Net weight with boiler	380 kg
Gross weight pallet + special export carton	410 kg
Overall dimensions	1400 x 1150 x 1400 mm
Volume	2,25 m ³

*other voltages by request
For manufacturing necessities the above-mentioned specifications are not binding

Features:

- A balanced head using special self adjusting springs allowing optimal alignment of head and buck.
- Copious and instant live steam production to both the head and buck.

Available extras:

- Built in Boilers with varying powers.
- Built in Vacuum.
- ALL STEAM or Steam Electric Irons with Separators.
- Stainless steel arm and steam or steam/air spotting gun.
